**Bilingual in both Spanish and English**

---

Teaching Candidate · Passed Math 7-12 Content Exam · Statement of Eligibility

---

Three Del Rio teachers changed my life: my middle school math teacher, the spark; my computer science teacher, the engine; my calculus teacher, the math underneath it all. After 13 years of software engineering, what made me feel most alive were the “aha!” moments I shared with colleagues. I’m home now, and I want to be like those teachers for the next student here.

## Certification

---

- Statement of Eligibility from iteachTEXAS - eligible for full-time hire now
- Passed the TExES Mathematics 7-12 (#235) content exam

## Education

---

**Bachelor of Science, Computer Science**

Texas State University · 2007-2011

- Summa Cum Laude · GPA: 3.87 / 4.00
- Perfect 4.00 in both the mathematics minor and all science coursework
- Three summers of National Science Foundation-funded research in number theory

## Teaching Experience

---

**Classroom Observation**

50 hours · 6 teachers · grades 8-12

**Calculus Teaching Assistant & Math Tutor**

Texas State University · 2008-2011

- Tutored math and computer science in university tutoring labs and one-on-one sessions
- Coached working parents in college math through a housing-assistance program

## Engineering Experience

---

**Senior Software Engineer, Team Lead**

ShipStation · Feb 2015 - Jul 2025

- Explained technical ideas clearly to non-technical audiences
- Mentored engineers through structured problem-solving
- Built iPhone and Android apps used by more than 70,000 people worldwide

**Software Engineer**

SpeakWrite · 2011-2014 · EagleEye Networks · 2014-2015

## Community Involvement

---

- Our Lady of Guadalupe choir: sings and plays guitarrón and bass, twice weekly
- Built a choir app approved by Apple for the App Store, plus a companion website
- Volunteer musician at Del Rio nursing homes
- Websites by Miguel: builds sites for local businesses at heavily discounted rates
